Alex Kroll on jazz guitar & Martin Müller on acoustic guitar developed their duo during Covid. What was first planned as a small "jam meeting" became a duo that worked out joint arrangements and composed together. A linking of the musical poles north and south. A melange of tradition and free improvisations, which they also interpret expressively and virtuosically in their own compositions. The 13 titles on the CD show the range of this extraordinary duo, which produces its own sound profile through jazz guitar and nylon guitar. G. Gershwins, classics of the Brazilguitar like E. Gismonti or P. da Viola as well as own compositions contain the repertoire, that by the jazzguitar and nylonguitar an own soundprofilentstehen lets.
