"Sigo Dizendo Sim" (I Keep On Saying Yes) is the second single for Anna Setton's new album - "The Future is More Beautiful", to be released worldwide by Galileo Music this February.

"Sigo Dizendo Sim", available on all digital platforms on January 20th.

Anna Setton keeps saying yes because we keep asking to hear what she has to sing. The artist from São Paulo who chose Portugal to live, succeeds "Saudade é Pouco" with a new single that shows her in a new light: "it is the song that in the whole album has a more pop identity", assures Anna who describes this as a very positive/love song, as the "possible beginning of a new path". "Sigo Dizendo Sim" was recorded in Recife under the guidance of Barro and Guilherme Assis, the duo of producers chosen, part of a new artistic generation that has put the Pernambuco capital on the most modern map in Brazil. Anna Setton explains that in this new song you can even hear echoes of a certain "indie rock". In fact, the singer, who has explored the different nuances and sweet balances of MPB, shows interest in adding other flavours to her art. The song is the result of a creative partnership with Igor de Carvalho, composer that Barro pointed out and with whom Anna wrote three songs, being "Sigo Dizendo Sim" the last of all: "We exchanged ideas, we understood where we fitted in, what worked and the work flowed naturally", reveals the artist.

This willingness to explore new paths says a lot about Anna Setton's artistic personality, who doesn't want to repeat ideas already firmed up in the past and is far more interested in opening herself up to novelty. "A career is a story", she tells us, "and I want to write new chapters in my story, have new adventures". And so we keep asking her to sing and Anna keeps saying yes.

With a video shot in the area of Leiria directed by the collective Casota, a true incubator of innovative visual ideas, "Sigo Dizendo Sim" marks a new year in which Anna Setton will lead the international edition of a new work which does not forget the great past of Brazilian music but has its soul decidedly pointed to the future.

Todos os profetas do mundo  
Todos os poetas também  
Nos viu ali

Todos os problemas que existem  
Todas as questões casuais  
Ficam pra trás

Quando vc tá aqui  
Comigo

Persisto na curva,  
Na forma e na cor  
Encontro cadência  
E desvio da dor  
Todos as formas e jeitos  
Da gente viver esse amor

O toque a pele o arrepio  
Meus polos se derretem  
Calor no frio  
Eu sigo dizendo sim, eu simplesmente vou
